

# Sunova Mobile

## FACT SHEET

### Description

Sunova Mobile allows you to complete routine financial transactions from your cell phone or smart phone. Whether you are transferring funds, paying bills or downloading your most recent statement, you can do it all when and where you want.

### Features

#### SMS Mobile Banking

Access your account balances or view recent transactions just by sending a text message. Once registered (which you can easily do through Sunova Online, our internet banking service) all you need to do to access your accounts via our SMS Mobile Banking is simply text one of the following commands to SUNOVA (786682):

List of commands	help
SMS mobile banking info	info
Default account balance	bal
Specific account balance	bal & name
Balance of all accounts	bal all
Default account activity	act
Specific account activity	act & name
Sunova's rates	act & name
Cancel SMS banking	stop

#### Mobile Alerts

Monitor your account easily with Mobile Alerts, which automatically sends you a text message anytime there is a specific activity on your account. Alerts can easily be set up, edited or removed through Sunova Online.

#### Sunova GO

Available on Google Play, Sunova GO is a free app that allows you to complete the same daily transactions you do through Sunova Online from your smartphone:

- View account balances
- View transactions
- Cheque search
- Perform bill payments
- Transfer funds
